Executive Summary

With the pending acquisition of 2012 Lucerne Ave in Stockton, CA, we are glad to present this asset to our partners as a wonderful and secure investment that has the potential to yield a good rate of return in a minimal amount of time. Located in Central Stockton, CA, this property is in a nice area of the city and in a neighborhood close to Victory Park that consistently yields high rents and has similar properties being sold as Standard Sales within 60 days on the market.

We are purchasing this property off-market for a cost of $136,000. It has an After-Repair Value of $225,000 and is in need of approximately $35,000 worth of rehab. Once rehab is complete, this home will by far exceed other homes in this market area. The job will include all quality materials, including new countertops, new flooring, fresh paint inside and outside, new windows, new appliances, central heat/air, and new lighting. Rehab will not expand the square footage of the property. This property has a close date of on or before August 31st, 2017.

Exit Strategy

1. **FSBO (For Sale By Owner:** A couple months after we acquire the property, we will begin marketing it on Craigslist, Zillow, and other FSBO sites. We will also begin calling local realtors and brokerages to let them know that this will be available in 30-60 days and, if they have buyers, to let them know now.
2. **Traditional Sale:** Once rehab is complete (estimated 8-12 weeks), if we do not have an acceptable offer based on our FSBO efforts, we will have an agent list it on the MLS at 5% commission. We will also market it with flyers in the neighborhood, in local newspaper ads, and with open houses. Our strategy will be to list it at $229,900 in order to attract buyers that might qualify or that

are looking for properties with a threshold of $230K. This will open the door for fast action, high competition in offers, and a higher driven purchase price for the winning bid.

Rehab Overview

This is a brief summary of all of the rehab work that will be done. The total cost for this work will be $35,000 and will include the following improvements:

- Paint (interior/exterior)
- Baseboards
- Flooring (carpet/tile/re-engineered hardwood)
- 6 panel doors
- Lighting and Electrical fixtures
- Landscaping (front yard curb appeal, backyard cleanup)
- Kitchen (new countertops, paint cabinets, new appliances, new hardware, new flooring)
- Bathroom (new toilet and flooring, tile surround, vanity)
- Drywall replacement
- Plumbing/Electrical work
- Roof work (garage)
- Dual pane windows
- Working HVAC
